The goal for this sophomore release is to delve deeper, find new ways of communicating, and to expand upon his style, subject matter, and command of the English language. To put it simply, to more colorfully take you a step further into his world and mind. To put it complexly, to present the author to his readers, again, but in a more personal way (short of being face to face) by getting to know his personality, nature, and writer's eccentricities transposed into poetry, down to the words that carry over into the next lines and the pictures of views inside his apartment.
