pokemon yellow walkthrough book: *A Bibliography of Conceptual Writing* yigru zeltl, 2017-01-27 The first final version of a never-ending project, a bibliography of conceptual literature - not just appropriation-based conceptualism, but also relatively rigorous forms of flarf, concrete poetry and so on. Like the editors of the anthology I'll Drown My Book: Conceptual Writing by Women, I consider a more inclusive definition. At least in my version (and I invite other people to continue it if they can/want to), there are more than a thousand books and hundreds of authors included from different countries, nationalities, genders - as different as it is possible for now, of course. Authors are sorted alphabetically, books by the same author chronologically. More about the process and about my views on conceptualism can be found in the opening of the book.
