Anhand von vier ausgewählten Fallbeispielen findet »Prosthetic Witnessing« im vorliegenden Band mit Fokus auf die Figuren von Zeugenschaft, der Inszenierung von Erinnerungsorten sowie auf den Umgang mit dargestellten Erinnerungsmedien bereits erste Anwendungen. Within the book, the concept of Prosthetic Witnessing is developed; an approach that understands playful actions as mediated positions of a medialised-distanced, yet emotionally involving, form of witnessing. Based on four selected case studies, Prosthetic Witnessing already finds its first applications in the work with a focus on figures of testimony, the staging of places of remembrance as well as the handling of depicted media of memory.

metro last night walkthrough: Metro Exodus Main & Side Mission Game Guide: Main & Side Mission Walkthrough Vince Andrew Dela Cruz, 2019-03-17 Metro Exodus for PC, PS4 and XONE is a post-apocalyptic firstperson shooter and a part of the Metro game series. Just like the series' previous installments, Metro 2033 and Metro: Last Light, it was developed by 4A Games. The game takes us to a post-apocalyptic world where civilization was destroyed by a world-wide nuclear war. Once again we play as Artyom who, along with a group of survivors, has to leave the tunnels of the Moscow subway and go east through the devastated world in search of a new home. This time, campaign takes place during a whole year, allowing us to see the post-nuclear war world during different seasons. Metro Exodus for PC, PS4 and XONE is an evolution of ideas and solutions from the two previous games. As usual, we get a firstperson shooter where we will focus on exploration, combat, and sneaking. This time, however, most of the story campaign takes place on the surface, on big, open maps that give us more freedom than the areas from the previous Metro games. More sandbox-like gameplay is not the only change we can see here. To move between the locations we will use Aurora, a revamped steam railway engine. Dynamic weather and the day/night cycle were also implemented. The plot in Metro Exodus is non-linear to some extent. Our decisions and actions influence who will survive the journey, and who will die along the way. Metro games are known for their stunning visuals, and it can also be said about Metro Exodus for PC, PS4 and XONE. The game has one of the best looking visuals out there. Its highly detailed world is even more impressive if we consider how much bigger the locations are now when compared to the series' previous installments. Metro Exodus is the third installment of the fan-favorite series by 4A Games, and the first such extensive game in the franchise. Our guide includes a walkthrough for every main and side mission. Our walkthrough for Metro Exodus has been divided into locations - Moscow, the Volga, the Caspian Sea, Taiga, and the Dead City. Also, our guide has descriptions for the short stages dividing

the game into the seasons - winter, spring, summer, and fall. In Metro Exodus you will find several side missions. For completing them you will receive additional items that can make your gameplay easier.

metro last night walkthrough: Metro Exodus - Unofficial Game Guide, Tips, Tricks and Hints
Anton Loire, 2020-05-18 Before buying, please note that this is not an official Metro Exodus Game Guide. This is a collection of Tips, Tricks and Hints that we found in the game. Metro: Exodus is the sequel to Metro: Last Light, the events of which unfold in the post-apocalyptic world. The game continues the plot of the previous part, allowing survivors to leave post-nuclear Moscow. On a steam train called Aurora, Artem and his comrades set off for a vast world filled with adventures and dangers to find a new corner suitable for living. Unlike Last Light, Exodus offers players not just corridor locations, but a number of huge open locations that are connected by a plot. Each location offers players its own unique challenges, enemies and conditions, in addition, each of them has an important influence on the plot. Nevertheless, Metro is not S.T.A.L.K.E.R., therefore it is impossible to move back and forth through the locations - Artyom can only move forward in the story, therefore it is impossible to return to old locations.
