The production is the third installment of the popular series, which includes Luigi's Mansion from 2001 and Luigi's Mansion: Dark Moon, published twelve years later. In terms of gameplay mechanics, Luigi's Mansion 3 develops the ideas from the previous two entries. We get an arcade game in which we explore the levels inside a gloomy residence and fight ghosts. The enemies must first be weakened by the flashlight, and then sucked in with a vacuum cleaner worn by Luigi on his back. The fun is diversified by boss fights and occasional puzzles. However, you have to complete a few missions before being able to do this. For how to play co-op, click here.
