walkthrough ae mysteries: *The Returnal Guide and Walkthrough* Mary Johnson, 2021-05-06 In the Returnal, there are few things that last forever, so players are more likely to stick to those things. Unlocking some upgrades like Atropian Blade or Icarian Grapnel gives players a lasting boost to their character, so they are very important. The same is true with money. While all of the player's Obolites will disappear whenever they die and start a new cycle, Ether remains whatever may be. As a result, players can plow Ether and end up with a huge pile, although it will take some time. However, because of its widespread use, it may be worth the effort. Ether is one of the many currencies in Returnal, and with it, players can do a lot of things. Ether can be used to clean up violence on an object, allow it to be taken away without detecting Suit malfunction, and can be used to charge Replicators to give players extra life. Finally, Ether can be sold by Obolites and can be used to launch new products. While it's not the fastest way, simply checking every biome while playing a game is a great way to find Ether. Players will see Ether in its purple light, but remember that both parasites and evil elements share this same color. Every day, Returnal players are given a challenge where they have to clear a particular biome under certain conditions. While players can compete with other scouts as part of this, simply surviving to the end and clearing the biome is enough to get players a huge amount of Ether. Usually, daily challenges reward five Ethers. **CLICK ON THE BUY BUTTON TO GET YOUR COPY NOW!**

walkthrough ae mysteries: Ys IX Monstrum Nox Jayden Jayden Mullan, 2021-08-21 Welcome to our Ys 9: Monstrum Nox walkthrough guide. With this guide, you can expect a full walkthrough from start to finish, locations of all the Azure Petals, all Graffiti locations, every single chest, all the sidequests, and much more! As an incredibly big fan of Falcom, I have a lot of love for both of their biggest series: Ys and Legend of Heroes. This game comes a couple years after the release of Ys VIII: Lacrimosa of Dana (which is my personal favorite) so playing another Ys game so soon is very exciting. I'm not going to lie, I didn't know where this game was going to go with Adol being Adol, but not being Adol (yes, very confusing), and him being in prison, but it's the same Ys experience you've come to know and love. The game has a much darker tone than previous games in the series, but it doesn't lower the charm of its world and characters. So follow me, as we play as Adol... and Crimson King and solve the mysteries plaguing Balduq, the Prison City.
