This game is a completely separate story from the first 2, with different cast, different story, and even different art style. After many, MANY RPGs that I've played during 2020, playing Bravely Default 2 was a hard change, but not a bad one. Bravely Default II is a VERY RPG game, and by that I mean there are save points in dungeons, there are tents to heal up, tons of weapons and jobs, etc. This is a game where you cannot save anywhere, where save points won't heal your HP and MP, and when you need to grind to get stronger.

Our guide includes all boss fights - we inform you about the location of bosses, their basic attacks, weaknesses, and also show you how to defeat a given boss in different ways, depending on whether you prefer close combat, fighting from a distance, or for example, playing as a magician.
