One look at this info and you'll find unlocking these extras to be academic. Classic Game, Modern Guide - Adventurers who explore Indy's quest on the Wii are in for a special treat: After clearing just one Glory move in the main game, the whole of Indiana Jones and the Fate of Atlantis becomes unlocked and available to play. This classic PC title from the early 90's may be an oldie, but you'll find its puzzles and challenges are still stumpers. Fortunately, Prima's guide provides over 30 pages of step-by-step walkthrough (pg. 102-135), leading you through not one, but all three unique paths you may take through the game. Just promise us you'll at least try to solve the puzzles on your own first! Handheld Heroics - Plenty of pint-sized adventuring awaits Indy in the handheld version of Indiana Jones and the Staff of Kings, and Prima hasn't downsized any of the strategy. Flip our Wii/PS2 guide over to discover another complete guide - one that's been specially crafted for the Nintendo DS! After a bit of good-ol' adventuring know-how, the DS guide quickly opens into a thorough step-by-step walkthrough (pg. 6-45) filled with tips, puzzle solutions, and score-boosting artifact locations. Cipher Solutions - Intricate puzzle boxes known as ciphers abound in the DS version of Indiana Jones and the Staff of Kings, and many of these unique brainteasers can be quite tricky. You won't have any trouble cracking them in record time with our solutions though, which are conveniently placed in the walkthrough as the puzzles are encountered, and also in a separate section (pg. 46-57) at the end of the guide that's easy to reference when replaying the puzzles in Cipher Mode!

Bravely Default 2 Guide includes a complete, detailed walkthrough (including boss strategies), Job unlock locations and statistics, information on your favorite characters, collectibles, cheats and secrets, and even deep-dives into specific game mechanics. After both of the beautiful games that came out for 3DS, the series came to a halt... and after 5+ years of wait, we finally got the next game. This game is a completely separate story from the first 2, with different cast, different story, and even different art style. After many, MANY RPGs that I've played during 2020, playing Bravely Default 2 was a hard change, but not a bad one. Bravely Default II is a VERY RPG game, and by that I mean there are save points in dungeons, there are tents to heal up, tons of weapons and jobs, etc. This is a game where you cannot save anywhere, where save points won't heal your HP and MP, and when you need to grind to get stronger.
