islamic studies textbooks: Introduction to Islam Tariq Ramadan, 2017-09-12 From one of the most prominent intellectuals in the Muslim world comes a timely new introduction to one of the world's most practiced-and most misunderstood-religions. In frank, unapologetic language, Tariq Ramadan walks readers through Islam and its principles, rituals, diversity, and evolution. Ramadan, known for his efforts to reform and change the understanding of Islam in the West, avoids ideology and idealism, instead attempting to depict the true meaning of Islam for readers who have no previous experience with the religion. The book is therefore focused on defining the basic principles of Islam and offering an overview of the faith's history: from its beginnings in prophetic mission, to the Sunni-Shi'a schism, to the formation of distinct schools of law, theology, philosophy, and mysticism. Perhaps the most misinterpreted aspect of Islam, shariah, literally translated as the way that leads to a source of water, receives an entire chapter of attention. Ramadan explains the ways in which shariah has been reduced by fundamentalism to a mere criminal code and expands upon its place in the larger Islamic worldview. He then confronts some of the most pressing issues facing Muslims today, including gender equality, religious diversity, and violence. Both sensitive and accessible, Introduction to Islam is a much-needed guide to understanding the role of Islam in the modern world.

islamic studies textbooks: The A to Z of Islam Ludwig W. Adamec, 2009-09-02 There is both unity and variety in the Islamic world. Muslims are not a homogeneous people who can be explained solely by their normative texts: the Koran and the Sunnah. Muslims differ vastly in their interpretation of Islam: modernists want to reinterpret Islam to adapt to the requirements of modern times while traditionalists tend to look to the classical and medieval periods of Islam as their model of the Islamic state. The A to Z of Islam presents a concise overview of Islamic history, religion, philosophy, and Islamic political movements. This is done through a chronology, an introductory essay, a bibliography, and cross-referenced dictionary entries, which include the biographies and thoughts of medieval thinkers, as well as those of modern members of the religious and political establishments. Articles describe the major sects, schools of theology, and jurisprudence, as well as aspects of Islamic culture. Together, this book represents a brief introduction to the field of Islamic studies.

islamic studies textbooks: *Teaching Islamic Studies in the Age of ISIS, Islamophobia, and the Internet* Kimberly Hall, Doaa Baumi, Manuela Ceballos, Benjamin Geer, Mouez Khalfaoui, Alfons H. Teipen, William Maynard Hutchins, Laila Hussein Moustafa, Nathan S. French, Todd Green, Sabahat F. Adil, Kecia Ali, Phil Dorroll, Lyndall Herman, Shehnaz Haqqani, 2019-01-24 “A much-needed volume and a must read” for educators addressing a challenging topic in a challenging time (Choice). How can teachers introduce the subject of Islam when daily headlines and social-media disinformation can prejudice students’ perception of the subject? Should Islam be taught differently in secular universities than in colleges with a clear faith-based mission? What are strategies for discussing Islam and violence without perpetuating stereotypes? The contributors of *Teaching Islamic Studies in the Age of ISIS, Islamophobia, and the Internet* address these challenges head-on and consider approaches to Islamic studies pedagogy, Islamophobia, and violence, and suggestions for how to structure courses. These approaches acknowledge the particular challenges faced when teaching a topic that students might initially fear or distrust. Speaking from their own experience, they include examples of collaborative teaching models, reading and media suggestions, and ideas for group assignments that encourage deeper engagement and broader thinking. The contributors also share personal struggles when confronted with students (including Muslim students) and parents who suspected the courses might have ulterior motives. In an age of stereotypes and misrepresentations of Islam, this book offers a range of means by which teachers can encourage students to thoughtfully engage with the topic of Islam. “Abundant and useful references...Highly recommended.”—Choice
