mandarin workbooks: Basic Chinese For Beginners! Your First Mandarin Book Kevin Peter Lee, 2015-03-16 In Basic Mandarin Chinese For Beginners you'll be learning the absolute best way to begin mastering Mandarin Chinese. By combining all aspects of the language, you will quickly become a fluent speaker, an excellent listener, a strong reader and a beautiful writer of Mandarin Chinese. After studying Mandarin Chinese in China and Taiwan for over fifteen years, it occurred to me that there is no easy way to learn the language. However, there is a right and wrong way of learning Chinese. Most people give up trying to learn Mandarin Chinese after one month. Many people don't go further than a beginner's level. This is because they don't bother learning the grammatical structure of Chinese and therefore will never be able to fluently converse. The most important thing about learning Mandarin Chinese is to be patient, be diligent and above all, have fun. Trust in the learning process that this book provides and you will master Mandarin Chinese sooner than you think.
