workbooks kindle: You Are Beautiful and You Are Alone Jennifer Otter Bickerdike, 2021-08-10 A new, definitive biography of the iconic and mysterious singer, Warhol superstar, Velvet Underground collaborator: influential solo artist Nico. YOU ARE BEAUTIFUL AND YOU ARE ALONE is a new biography of Nico, the mysterious singer best known for her work with the Velvet Underground and her solo album Chelsea Girl. Her life is tangled in myth--much of it of her own invention. Rock and roll cultural historian Jennifer Bickerdike delivers a definitive book that unravels the story while making a convincing case for Nico's enduring importance. Over the course of her career, Nico was an ever-evolving myth: art film house actress, highly coveted fashion model, Dietrich of Punk, Femme Fatale, Chelsea Girl, Garbo of Goth, The Last Bohemian, Heroin Junkie. Lester Bangs described her as 'a true enigma.' At age 27, Nico became Andy Warhol's newest Superstar, featuring in his one commercial break out hit film Chelsea Girls and garnering the position of chanteuse for the Velvet Underground. It wasn't Nico's musical chops which got her the gig; it was her striking beauty. Her seeming otherworldly and unattainable presence was further amplified by her reputation for dating rock stars (Brian Jones, Bob Dylan, Jim Morrison, among others). She became famous for being Nico. Yet Nico's talent and her contribution to rock culture are often overlooked. She spent most of her career as a solo artist on the road, determined to make music, seemingly against all the odds, enduring empty concert halls, abusive fans, and the often perilous reality of being an ageing artist and drug addict. She created mesmerizing and unique projects that inspired a generation of artists, including Henry Rollins, Morrissey, Siouxsie Sioux and the Banshees and Iggy Pop. Drawing on the archives at the Andy Warhol Museum and at Nico's record labels, various private collections, and rarely seen footage, and featuring exclusive new interviews from those who knew her best, including Iggy Pop and Danny Fields, and those inspired by her legacy, YOU ARE BEAUTIFUL AND YOU ARE ALONE reveals the complicated, often compromised, self-destructive and always head strong woman behind the one-dimensional myths.

workbooks kindle: Rockets and Ray Guns: The Sci-Fi Science of the Cold War Andrew May, 2018-05-26 The Cold War saw scientists in East and West racing to create amazing new technologies, the like of which the world had never seen. Yet not everyone was taken by surprise. From super-powerful atomic weapons to rockets and space travel, readers of science fiction (SF) had seen it all before. Sometimes reality lived up to the SF vision, at other times it didn't. The hydrogen bomb was as terrifyingly destructive as anything in fiction, while real-world lasers didn't come close to the promise of the classic SF ray gun. Nevertheless, when the scientific Cold War culminated in the Strategic Defence Initiative of the 1980s, it was so science-fictional in its aspirations that the media dubbed it "Star Wars". This entertaining account, offering a plethora of little known facts and insights from previously classified military projects, shows how the real-world science of the Cold War followed in the footsteps of SF - and how the two together changed our perception of both science and scientists, and paved the way to the world we live in today.

workbooks kindle: The Meaning of Trump Brian Francis Culkin, 2018-06-29 The election of Donald Trump was a shattering moment to the political sensibilities of America; immediately sending the country into a frenzy of commentary, critique, and a never-ending media coverage that has bordered on the absurd. But the question still remains: what does it all mean? The Meaning of Trump is an ideological critique that sees the election of Donald Trump as a completely natural progression to the general trajectory of digitized technologies, neoliberalism, and a new breed of financialized capitalism; destructive global forces that know no party affiliation or national

boundary. Although Donald Trump is undoubtedly the symptom that has exploded to the surface after nearly four decades of failed policies and broken promises by both Republicans and Democrats alike, his election can also be seen as an existential fork in the road for both the United States and even humanity itself. What path is taken still remains to be seen.

workbooks kindle: Before the Launch David Wogahn, Manon Wogahn, 2025-04-25 Prepare for the self-publishing process so your book stays relevant, and marketable, for longer. Before the Launch isn't a book. It's a manual. If you are looking for a book to curl up with, be entertained by, and read cover-to-cover in a couple of sittings, Before the Launch isn't for you. This manual has been compiled over the course of 14 years, during which we've managed the publication of more than 400 books for our self-publishing clients. It contains detailed advice based on our experience in using KDP, IngramSpark, Bowker, and numerous other self-publishing tools and services—and now we're sharing it with you. Before the Launch is your guide to understanding the important decisions you need to make and things you need to do during the book preparation process that have an impact on marketing success once your book is released. These decisions and steps are rarely considered book marketing, yet marketing can and does suffer if these tasks are not done correctly, or not done at all. Why do we call Before the Launch a manual? — Self-publishing is a multi-step process, executed over the course of weeks and months. Before the Launch is designed for just-in-time learning. — Publishing a book is a multidisciplinary project, requiring business, legal, marketing, and research know-how. Each of the 58 topics has color-coded cross references to related topics. — The publishing tasks that lead up to the release of a book overlap with each other. Before the Launch includes our trademarked 14-track Countdown to Book Launch® timeline that illustrates these overlaps so you can stay on track during the lead-up to your book's release. Like any good manual, our guidance is findable when you need it—and we've built in learning extensions We've put as much care and thought into how the manual is organized as we have put into writing it. Our goal is to teach you what you need to know, when you need to know it. — The manual is organized into 5 sections: PREPARE, REGISTER, AMAZON, REVIEW, and RELEASE. — We've included 140 links to additional authoritative information for deeper learning or additional resources. — Your purchase includes access to 3 orientation videos: a tour of KDP, a tour of IngramSpark, and how to view an Amazon book product detail page like a publisher. — Because publishing timelines overlap, the 58 topics contain 283 color-coded cross-references to help you quickly locate related topics. — We've even included downloadable Word, Excel, and PDF files to make it easier to perform the exercises recommended in the topics: comp research, metadata collection, running a price-drop sale, and coordinating ARC printing with POD distribution via KDP and IngramSpark. Before the Launch is your self-publishing manual for the best launch possible Comprehensive, accessible, and based on real-world experience, Before the Launch is a manual for self-publishers of fiction and nonfiction alike. It's so handy, you'll want the eBook as well as the original 204-page spiral print edition. Get your copies today.

workbooks kindle: How to Publish an Indie Book Asymmetrical Press, 2015-04-04 We started Asymmetrical for a laundry list of reasons, but all those reasons point back to one underlying goal: Adding Value. If Asymmetrical has a single objective, that's it. We know that if we add enough value to enough people through Asymmetrical, then we'll be able to raise the tide of Independent Publishing, not just our own work, but Indie Publishing as a whole. That way everyone benefits; a rising tide lifts all boats. Adding Value is the reason we've put together this Guide. We want to prove to you that you needn't worship at the altar of the old guard, that you needn't submit to anyone. No longer are you beholden to the gatekeepers; no longer must you compromise your art. For the first time in publishing history, you are in control. We know this first hand. memoirs), several of which have been bestsellers; we've toured internationally; and we've established audiences larger than most Traditionally Published Authors. workbooks kindle: Murder Orthodoxies: A Non-Conspiracist's View of Marilyn Monroe's Death Donald R. McGovern, 2018-05-04 Perhaps no one's death has stirred more interest, controversy, and theories than Marilyn Monroe's August 4 of 1962. In *Murder Orthodoxies*, author Donald R. McGovern analyzes and examines the many theories that Monroe was murdered by a host of curious characters—from the middle Kennedy brothers to brutal gangsters to aliens. McGovern separates fact from fiction and theory from outlandish rumor. He addresses and debunks the usual allegations related to Monroe's death, the secrets recorded in her little red diary, her scheduled whistle-blowing press conference, the murder plots by organized crime and the brothers Kennedy, and the fatal injection of drugs, along with many others. In *Murder Orthodoxies*, McGovern restores logic and sanity to the investigation of Monroe's death. His thesis is based upon the premise that the engines of conspiracies are started and fueled by opinion, not by facts. His credible conclusions are based on logic, science, toxicology, and forensic evidence.

workbooks kindle: God's Amazing Grace: Reconciling Four Centuries of African American Marriages and Families Terry M. Turner, 2017-12-18 "God's Amazing Grace: Reconciling Four Centuries of African American Marriages and Families is an insightful study that will be welcomed by thoughtful practitioners and all who ponder the African American family's complexity. Readers familiar with the deep, rich reservoir of African American family literature will recognize many of the black scholars referenced in this work. Readers unfamiliar with these sources will be grateful to discover them and the effective use of disparate literature. "This work will become a different kind of guide for studying American history through the lens of the African American family. Underneath all the research is the search for answers to the compelling questions: Is there a correlation between slave owners' denial to slaves, God's design for the family, and the familial chaos that has plagued African American families for more than a hundred fifty years? And if there is connection, what is it? "The author has brought something new to a familiar topic of discussion—the Bible. The unique moral compass that steered this study is solidly anchored in the bedrock of holy scripture. In this work, the history and sociology of African American marriages are examined in light of the questions asked by Holy Scripture. In so doing, Dr. Turner skillfully attempts to help readers make sense of the

story of black families in America. May this book mark the beginning to a new reality for African American families” (Dr. Willie Peterson, senior executive advisor, adjunct professor of Pastoral Ministries, Dallas Theological Seminary).
