workbooks on the bible: Scripture Workbook Gary Zeolla, 2000-10 This book contains twenty-two individual 'Scripture Studies.' Each study focuses on one general area of study. These studies enable individuals to do in-depth, topical studies of the Bible. They are also invaluable to the Bible study teacher preparing lessons for Sunday School or a home Bible study. They can be used for group studies as well. The range of topics covered in the different studies is broad, from what the Bible teaches about itself to what the Bible teaches about divorce and remarriage. Included in each study are hundreds of Scripture references so there will be no lack of material from which to begin your studies. So if you're an individual looking for an aid to improve for your own personal Bible studies or a Bible study teacher or home group leader looking for help in preparing lessons, this book will be of great benefit. The sources for the viewpoints promoted in these Scripture Studies are wide and varied. The ideas are taken from commentaries, study Bibles, theology books, books of various kinds, and most importantly, this writer's own personal study of the Scriptures. The sources for the opposing views presented are publications of groups that promote the ideas and personal conversations this writer has had with members of such groups and adherents to the views. Every

effort has been made to ensure the accuracy of the Scripture references in these studies. But with the thousands of references presented, it is likely that a few 'typos' have crept in. If the reader comes across a reference that does not make 'sense' in the context presented, just go onto the next one. There are always plenty of verses listed for each point. It is my hope and prayer that God uses these Scripture Studies to help the reader to: '... grow in the grace and knowledge of our Lord and Savior Jesus Christ. To Him be the glory both now and forever. Amen' (2 Peter 3:18).

workbooks on the bible: *Student Workbook for an Easy Dig Thru 39 Ancient Sites* Otto Batty, 2007-07 Otto D. Batty received most of his education from parochial schools. His first nine years were at Bethlehem Christian School in Kennewick, Washington, graduated from Concordia College-High School in Portland, Oregon in 1956. He received his A.A. degree from Columbia Basin College in Pasco, Washington in 1969, and B.A. degree in Education from Pacific Lutheran University in Tacoma, Washington in 1976. Otto majored in Social Studies with a strong emphasis in History. In 1961 while in Wyoming, Otto developed a great love for the Scripture. Over the years, he read 23 different translations and paraphrases of the Bible. He even read the Bible backwards from Revelation to Genesis. When asked why, he simply replied, Just for fun. However, he wouldn't do it again or recommend it, saying It was chronologically distracting. Otto has taught many Sunday School classes to both teenagers and adults. This work emerged out of those life experiences. The more Otto read the scripture the more he became excited about what he discovered. It was quite a surprise to him to learn so many believers had never read the whole Bible through once. Filled with a hunger to encourage others to read and find the gems he found in the Scripture, in 1985 he wrote and taught this Bible Study with a twist. The emphasis is on discovering the gems, not theology or doctrine. It is fast paced, fun, and simple. Its primary purpose; to encourage believers to apply Romans 10:17, faith comes by hearing and hearing by the Word of God.
